One of the biggest legal battles ever fought in Kentucky is threatened between the rectifiers and the state to test the operative qualities of the special rectifiers' tax bill of 1½ cent a gallon.

EXECUTIVE COMMITTEE

Republicans Elect Attorney W. D. Cochran For Chairman

A meeting of the Republican Executive Committee of Mason county was held at the Central Hotel yesterday afternoon, sixteen members were present.

The principal business was the election of a Chairman to fill the vacancy caused by the resignation of Mayor W. E. Stallcup.

Messrs. A. D. Cole and W. D. Cochran were placed in nomination and Mr. Cochran was elected by a vote of 9 to 7. There were six proxies which were ruled out of participation because not properly drawn.

Some routine business of a minor character was disposed of, and it was agreed to make an effort to raise the sum of \$150 in the county for the Caleb Powers defense fund.

Deputy Circuit Court Clerk B. B. Politte is walking loose around the country somewhere, and his friends are somewhat exercised as to his whereabouts.

Saturday while Mrs. Michael Lynch was standing on a step-ladder at her home in East Fifth street cleaning the wallpaper, one of the steps gave way and she was severely bruised by the fall that followed.

Messrs. H. B. Bryson and George Dickey, Postmasters of Carlisle and Cynthiana respectively, were in the city several hours yesterday en route to Greenup to attend the meeting of the Republican Congressional Committee of this District.

With many thanks to those who have so long and so generously favored me with their patronage, I will be under additional obligations to those indebted if they will make prompt settlement of bills, which are now ready, in order that my business may be closed up.

Mrs. L. V. DAVIS.

Not long since James Gantley, who resides near Lewisburg, bought one of Mike Brown's high-class buggies. He placed it in the barn at his home for safe-keeping. Having occasion to use his new and up-to-date carriage—perhaps to take his best girl bride—imagine his surprise and consternation on running it out of the barn in discovering that some heartless wretch had stolen his new top and replaced it with an old dilapidated one that had been in use for years. When Gantley discovered the condition of affairs—new running gear and body with an old top—he was just too full for utterance, and woe betide the fellow who perpetrated the theft if he had bobbed up at that particular moment.

Mr. and Mrs. William Clark have moved from West Second street and are now occupying the residence lately vacated by Mr. James Dunn in East Third street.

The stockholders of the Union Trust Company will, on Saturday, August 18th, vote on the question of changing or amending the articles of incorporation so as to change the name from the Union Trust Company to that of the Union Trust and Savings Company, to increase the capital stock from \$25,000 to \$50,000, and thereafter to conduct both a Savings Bank and a Trust Company business.

BUSINESS FOR SALE.

After an active career of forty years, I wish to retire, and now offer for sale the most prosperous MILITARY BUSINESS in Mayaville. Store for rent. None but those with cash need apply. Possession at once.

At Carlisle Saturday Judge N. H. McNew refused the application of Merrifield & Massy for druggist's license. The application was filed several weeks ago, but the Court passed it from time to time on account of the vigorous protests that have been made by the anti-saloon people who claimed that the applicants were not druggists in good faith, but went into the drug business for the purpose of selling whisky.

A SALE OF Sample Muslin Under Garments!

There are probably five thousand stores that would like to get the samples from this manufacturer. His goods are the best in this country. Fine materials, well made, very full, cut to fit the qualifications, and to think at PRICES LESS THAN WHOLESALE. Deep down in our hearts we feel like we should go to every house in Mason county and tell the husband, wife and daughter of this great purchase. We regret that we have not a picture of the store on Friday morning 30 minutes after opening. If we did,

it would show you probably 50 ladies with their arms full of muslin underwear, and we regret that we haven't a Victor record to tell you of the happy expressions of the greatest bargains in muslin undergarments ever seen in Maysville. But come. Sale lasts all week, if the goods do; but, of course, the largest variety is first.

EVERY COUNTER IS LOADED WITH BARGAINS.

Walk through the store, see the goods, then look at prices. If you need anything this is the store. If you are not in need, you don't need any store, for we do not think anything is cheap if not needed. Three months of hot weather before us, yet we must turn our attention to winter goods, and soon they will be coming in. Must have the room, and the policy of this store is not to carry any goods over, and we ADHERE to it most strictly.

CINCINNATI is to have an investigation to find out if there's a Laundry Trust. Don't know about that; but if they can beat some that I know consuming starch and tearing up things they're the limit.

THE saloons of San Francisco are in full swing again; but every fellow who gets drunk is forced to go to work on the streets. If that rule were adopted in Maysville, it might expedite matters in West Third.

ONE of the most successful Fourth-of-July "celebrations" was that at Wanamie, a small mining town in Pennsylvania, where five boys were blown to pieces and nine others so badly injured that some of them will die. They had placed powder in a pipe, and it failed to go off. They then forced a stick of dynamite into the pipe and began pounding it. That's all.

THE one thing absolutely necessary to make a State Fair, or any other kind of Fair, a success, is the amount of money spent by those who attend. The only way to have a big attendance, is to have your Fair where it is easily accessible to a large number of people. That being true, the Kentucky State Fair ought to be located permanently at Lexington. Of course Louisville wants it; but there are only 708,005 people living in Kentucky within 100 miles of that city, while within 100 miles of Lexington there are 1,125,344. There ought to be no argument over the matter in the light of these facts.

Keep Still a Minute and Let Me Tell You Something!

If you are a citizen of Maysville and expect to continue your residence, you should be alert with reference to the purchase of A HOME, OR BUSINESS HOUSE. A great deal of real estate is changing hands at the present time and prices are likely to advance. There are very few pieces of property in Maysville about which I cannot give you information. I shall be glad to have you call at my office with reference to any property which you may wish to buy. If it is not listed with me, I can assist you in getting the information which you desire. Your conversation will be held as confidential, if you so wish.

SO FAR AS I am aware, there's no law to prevent Mr. BRYAN from making a fool of himself for a third term—especially as there was an intervening term, when Judge PARKER took a shy at the job.

KENTUCKY Justice has a way all of its own. Please note this—

BEATTYVILLE, KY., July 7th.—A Jury to try JAMES HARGIS and ED CALLAHAN for the murder of JAMES B. MARCUS at last been completed, as follows—

JOHN C. HALL, farmer.
WILLIAM CORNELIUS, farmer.
GEORGE ROACH, farmer.
W. J. EATER, river and mill hand.
O. J. BENNETT, merchant.
FELIX COLE, coal miner.
HARVEY ALDER, farmer.
JOSEPH DURBIN, farmer.
J. T. MALONEY, farmer.
AARON HALL, SR., farmer.
ELLIS T. NEWMAN, farmer.
THOMAS COOMBER, mill hand.

Every member of the Jury is a Democrat, selected from a strong Republican county.

The men in this case to be tried for murder are Democrats, and the murdered man was a Republican.

In the Caleb Powers case, the accused is a Republican, and the murdered man was a Democrat.

So, whenever a Democrat is to be exonerated for killing a Republican, or a Republican is to be convicted on the charge of killing a Democrat, a solidly Democratic Jury is called in to do the job.

Beautiful Beechwood.

No one has any cause for complaint of the show at Beautiful Beechwood this week, for one certainly gets value received. There is not a weak spot in the one hour's show. Morris, the whistler, is surely a wonder, and he has an act that is a distinct novelty. The illustrated song is very pretty. Arnold and Gardner's comedy sketch was very laughable and is one of the best skits seen at this popular resort. The Kinodrome pictures are the best yet. "The Dream of the Rarebit Fiend" is screamingly funny. "The Fugitive Apparition" keeps one guessing. "Grandma's Dilemma" is amusing and "The Leap Frog Railway" is something new in the amusement line. Be sure and visit Beechwood this week.

KENTUCKY'S RECORD

National Banks Organized in the State
in Six Years

Official figures just given out by Controller of the Currency Ridgely show that Kentucky's record in the matter of organization of National Banks during the six fiscal years ending June 30th last, was good.

The total number organized during that period in the Bluegrass state was sixty, with a combined capitalization of \$4,170,000. Of this number forty-one had capital less than \$50,000 each, and the other nineteen each had a capital of more than that amount.

The total capitalization of the smaller banks is \$1,050,000, and that of the larger financial institutions is \$3,123,000.

During this same period Tennessee only had twenty-nine National Banks organized within her limits, Missouri fifty-two, and all the other Southern states less than sixty each, except Texas, where 330 were organized.

Deafness cannot be cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that

DEMOCRATIC SPEAKING

Attorney General N. B. Hays Holds
Forth at the Courthouse

The reception accorded Attorney General Hays at the Courthouse last evening was not what might be termed a pouring out of the masses by any means, but those who were present heard a first class speech, even though it was in the nature of an arraignment of the Democratic Machine now in the saddle at Frankfort.

The speaker was introduced by Representative Virgil McKnight in a ten minutes speech that sustained the gentleman's reputation as an orator as well as a Biblical student. What he said was well said and gratifying to his friends.

Mr. Hays has the manner and address of a cultured gentleman, a full and pleasing voice and a thorough command of the English language which he uses with telling effect.

Being a member of the iniquitous household at Frankfort he knows whereof he speaks when he charges them with being grafters and spoilsmen, and his citations and proof at hand were sufficient to convince the most skeptical that what he was saying was true as Gospel.

Among other things he showed up the school-printing steal, where the state was fished of \$25,000 in the issuing of three thousand copies. He said the gang paid a benchman \$28,260 for what seven high-class printers swore could have been printed for \$3,000.

He then touched on the new Capitol Building apportionment whereby an inexperienced architect was given \$40,000 for drawing plans and specifications, when one of the most noted architects in the country—one who had built 108 State Capitols and public buildings—had a far superior bid before the Committee agreeing to do the work for \$16,000. The speaker substantiated what he charged against the ring by producing letters and papers showing the truthfulness of his assertions.

Were it not that the next Governor will be a Republican, Hays would be the man for the place, for he has the impress and speaks like an honest man.

In the absence of Governor Folk saloon-keepers took off the "lid" in St. Louis county and intoxicating drinks were sold for the first Sunday in a long time.

A Nottingham (Eng.) boy, 3 years of age, died from scalds caused by falling backward into a rice pudding which his mother had placed near the end of the fender.

Much of our textile materials now comes from the mines. Silk rustles with 36% of salt of tin, flannel is weighted with epsom salts and linen tablecloths are made from cotton filled with china clay and starch.

The Wethersfield (Eng.) Independent Chapel, which will celebrate its bicentenary in a few days, has only had seven Ministers in two hundred years, and only two died during their ministry.

The Government transport Sheridan, en route for Manila, is carrying a great fortune in silver currency for the Philippines. Guarded by Lieutenant Tarlton and thirty men of the First Infantry is a bank roll valued at \$11,000,000 and all in paper money. In addition there is on board a shipment of silver valued at \$30,000. The gold valuation of the Government money on the Sheridan is \$8,515,000.

The Tonnage of the Ohio

Cincinnati Commercial Tribune.

The Board of Engineers, U. S. A., in charge of the improvement of the Ohio, has called upon the commercial, manufacturing and mining organizations and industries for statistics of the tonnage of the Ohio. The significance of the request cannot be overestimated. While the improvement of the Ohio, no less than the improvement of all inland water ways, is demanded especially in the interest of cheap and safe transportation of heavy freights, the speed with which the improvement will be prosecuted depends largely, and not unreasonably, on the value of the stream as shown by statistics of its tonnage.

Industrial organizations of that city, Congressman Ransdell of Louisiana said:

"Of this amount—103,000,000 tons—50,000,000 tons were transported by water, 1,000 miles at a cost of 80 cents per ton, and 135 miles by rail at a cost of 90 cents per ton. Iron ore is brought down the great lakes, 1,000 miles for 80 cents per ton, and to carry it the remaining 135 miles by rail costs 90 cents per ton. Coal is carried for 35 cents per ton for the water route and costs 90 cents for the rail portion of the route. Water transportation, under well governed conditions, averages six times cheaper than by rail."

Not all that enormous tonnage is sent to the South and to the West by the Ohio river. But a very large portion of it seeks the Ohio as its natural route to the West and to the Gulf states. Coal and iron and timber and ores go down stream, and sugar and pulp and other articles come back in barges towed by the steamers that took down the tonnage for the Southern and the Western markets. Adding to the tonnage of the city of Pittsburgh the tonnage of Wheeling, of Marietta, of Gillsboro, of Parkersburg, of Huntington, of Portsmouth, of Maysville, of Cincinnati, of Louisville, of Madison, of Paducah, of Evansville, of Henderson, of Owensboro and of all the ports between Pittsburgh and Cairo, and the great portions of the tonnage of the Ohio will be appreciated. But the question is not one of appreciation, but of facts, so far as the Board of Engineers is concerned:

"Loss of strength, extreme nervousness, shooting pains through the pelvic organs, bearing down pains and cramps compelled me to seek medical advice. The doctor, after making an examination, said I had a female condition and advised me to undergo an operation. To this I strongly objected and decided to try Lydia E. Pinkham's Vegetable Compound. The ulceration quickly healed and the bad symptoms disappeared and I am once more strong, vigorous and well."

Female troubles are steadily on the increase among women. If the monthly periods are very painful, or too frequent and excessive—if you have pain or swelling low down in the left side, bearing-down pains, don't neglect yourself: try Lydia E. Pinkham's Vegetable Compound.

She Was Told That an Operation Was Inevitable. How She Escaped It.

When a physician tells a woman suffering with serious feminine trouble that an operation is necessary, the very thought of the knife and the operating table strikes terror to her heart, and our hospitals are full of women coming for just such operations.

There are cases where an operation is the only resolute, but when one considers the great number of cases of menacing female troubles cured by Lydia E. Pinkham's Vegetable Compound, physicians have advised operations, no woman should submit to one without first trying the Vegetable Compound and writing Mrs. Pinkham, Lynn, Mass., for advice, which is free.

Miss Margaret Merkley, of 275 Third Street, Milwaukee, Wis., writes:

Dear Mrs. Pinkham:

"Loss of strength, extreme nervousness,

shooting pains through the pelvic organs,

bearing down pains and cramps compelled

me to seek medical advice. The doctor, after

making an examination, said I had a female

condition and advised me to undergo an

operation. To this I strongly objected and

decided to try Lydia E. Pinkham's Vegetable

Compound. The ulceration quickly healed and

the bad symptoms disappeared and I am

once more strong, vigorous and well."

Female troubles are steadily on the

increase among women. If the monthly

periods are very painful, or too fre-

quent and excessive—if you have pain

or swelling low down in the left side,

bearing-down pains, don't neglect your-

self: try Lydia E. Pinkham's Vegetable

Compound.

**CURE BY THE
CUTICURA REMEDIES**

"About four years ago I was afflicted with black splotches all over my face and a few covering my body, which produced a severe itching irritation, and which caused me a great deal of annoyance and suffering, to such an extent that I was forced to call in two of the leading physicians of my town. After a thorough examination of the dreaded complaint they announced it to be skin eczema in its worst form. They treated me for the same for the length of one year, but the treatment did me no good. Finally I became despondent and decided to discontinue their services. Shortly afterwards, my husband in reading a copy of a weekly New York paper saw an advertisement of the Cuticura Remedies. He purchased the entire outfit, and after using the contents of the first bottle of Cuticura Resolvent in connection with the Cuticura Soap and Ointment, the breaking out entirely stopped. I continued the use of the Cuticura Remedies for six months, and after that every splotch was entirely gone and the affected parts were left as clear as ever. I have not felt a symptom of the eczema since, which was three years ago.

"The Cuticura Remedies not only cured me of that dreadful disease, eczema, but other complicated troubles as well; and I have been the means of others being cured of the same disease by the Cuticura Remedies, and I don't hesitate in saying that the Resolvent is the best blood medicine that the world has ever known." Beginning at the Atlantic ports of Halifax and St. John, and running across the continent, through the heart of the mineral, forest and wheat country of Canada, a great new railroad system is being surveyed, is in part already building, with its Pacific terminus at Port Simpson. The new system is the Grand Trunk Pacific, with a main line 3,000 miles in length—easily the greatest railroad enterprise of the Twentieth Century. Doubtless, before the middle of the century is reached, it will be possible to travel by rail, without change, from New York to Berlin, or any other of the capitals of continental Europe.
